---

1. Introduction

The Message Management System (MMS) handles all SMS and messaging communications at Finan Speciality Dental Clinic, including appointment reminders, campaigns, and patient notifications.

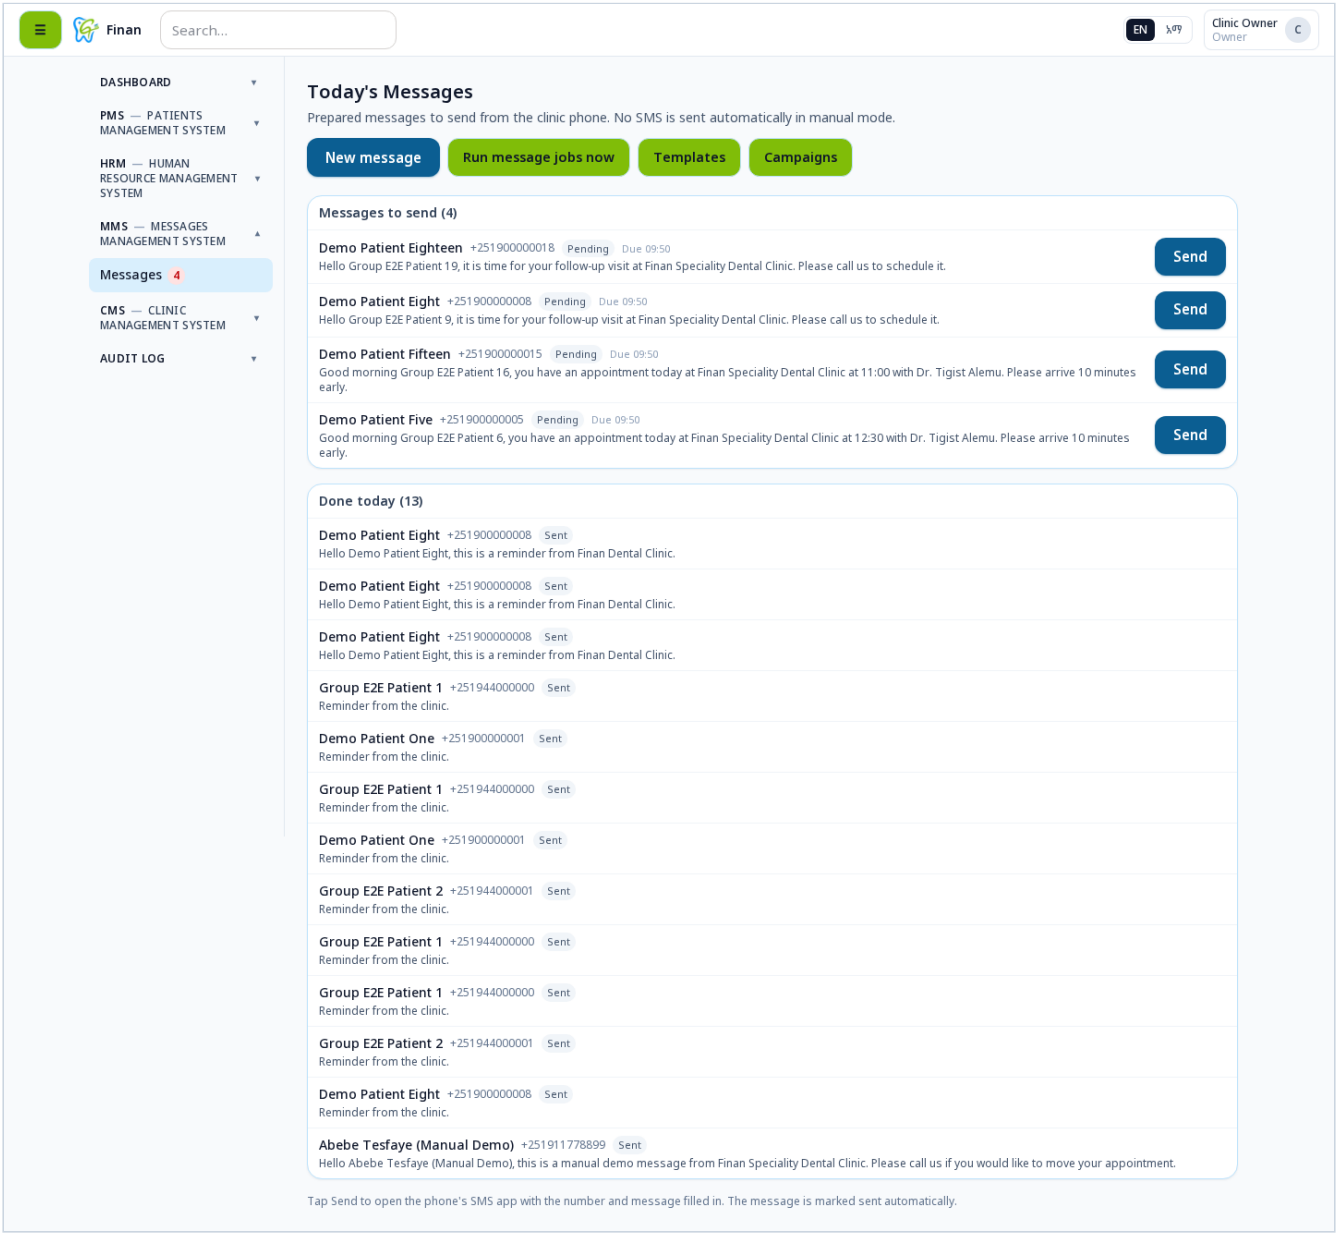

---

2. Outbox

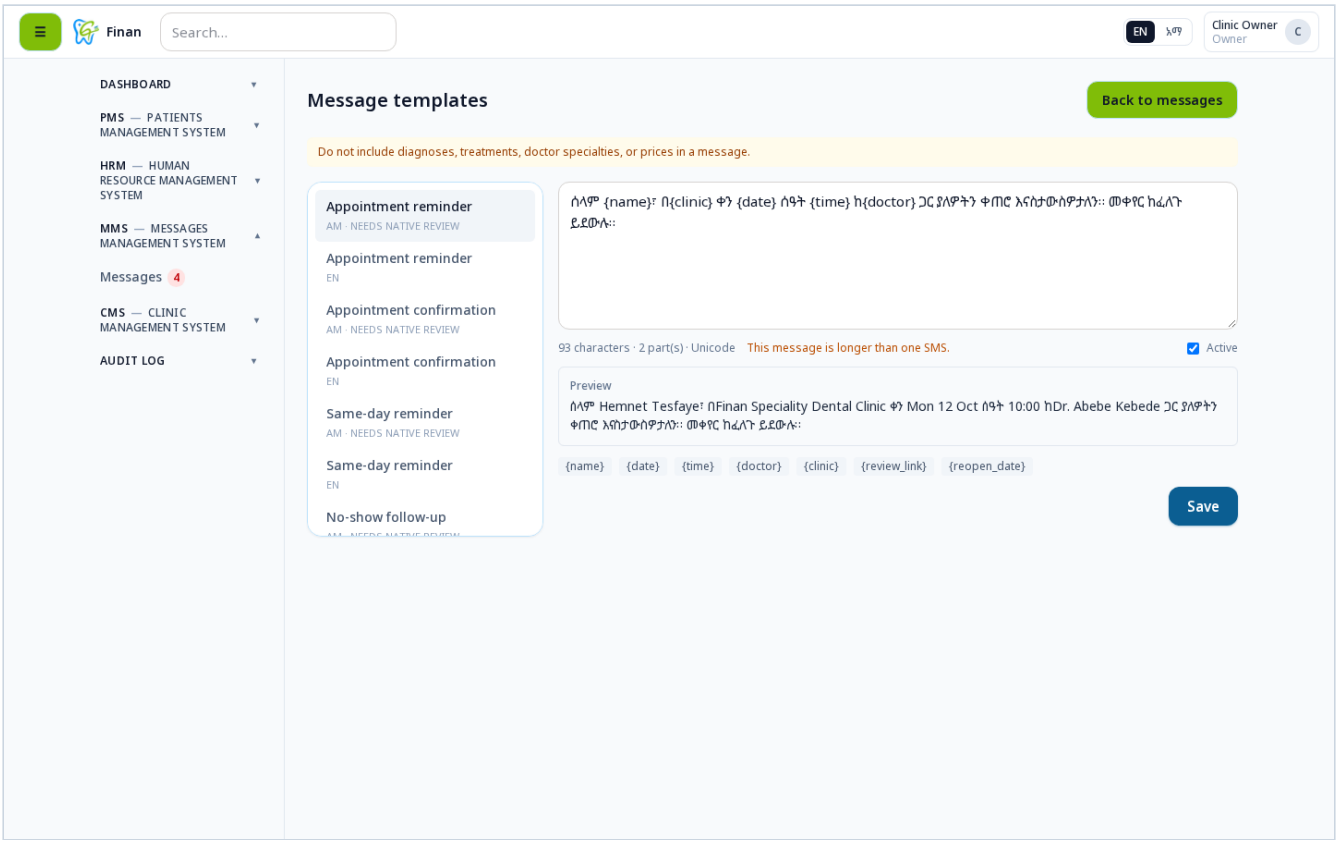

The Outbox displays all sent and pending messages: - Message status (Sent, Pending, Failed) - Recipient information - Message content - Date and time sent - Delivery status

2.1 Outbox After Sending

After sending messages, they appear in the outbox with updated status.

3. Templates

Manage reusable message templates for common communications like appointment reminders, follow-ups, and greetings.

4. Message Library
